

Episode 12 : **Engagement**

~~~~~

**Meet phenomenal host, Fiona Cutts, and join her on the magical journey and hear how she changed from being paralysed by shyness to shining with exuberance as an international facilitator, empowering others to create a greater life than they ever thought possible.**

In this episode, Fiona shares with us an experience where she became aware of what engagement truly is and how much greatness it created for her and others.

### **Key messages:**

- we often think of engagement as when we respond to someone's social media post or we deliberately interact with someone with a result in mind
- true engagement is the way we can create greater, the way we can totally enjoy our lives and be a space where we can invite people to our creations with ease and fun and lightness and joy
- in order to have true engagement, we need to be willing to have our barriers down and be willing to be out there in the world

## Tools and Questions

*All the energy that comes up when talking about engagement with the result of creating paying clients in your world, will you let go of it, will you destroy and uncreate it?*
