

Episode 7 : No More Making Others Greater than You

~~~~~

**Meet phenomenal host, Fiona Cutts, and join her on the magical journey and hear how she changed from being paralysed by shyness to shining with exuberance as an international facilitator, empowering others to create a greater life than they ever thought possible.**

In this episode, Fiona challenges us to let go of believing we are less than other people and to acknowledge our own greatness and potency to help create a kinder world with more consciousness.

### **Key messages:**

- we can be keeping ourselves hidden in order to feel safe
- we often believe that if people who we consider greater than ourselves, see who we truly be, they won't like it when it
- actually consciousness includes everything and judges nothing so someone more conscious is not likely to be judging us, it's us judging us
- if we really are going to take the planet in a more conscious direction, to have more kindness on the planet, we have to see our brilliance and greatness
